

New Hexagon Project Blog for teachers and Students!

Link your students to others across the nation and the world to share their work, ideas and understandings about interdependence!

We hope to develop a space here to promote collaboration, report on actions and beliefs by young people toward a more empathic and civil society. Let it start with **YOU!**

Thank you to **Emily Cook, NBCT**, at North Hills Middle School, Chicgo Area, for her help with this endeavor!
